## **KB Home Announces the Grand Opening of Stonecrest at The Cove in San Jacinto**

**Nestled against the San Jacinto Mountains in a beautiful master plan, builder's new Southern California community offers attractively priced homes from the low-\$200,000s**

SAN JACINTO, Calif.--(BUSINESS WIRE)-- KB Home (NYSE:KBH), one of the nation's largest and most recognized homebuilders, today announced the grand opening of its Stonecrest at The Cove community in San Jacinto. With its picturesque natural setting and sweeping mountain views, Stonecrest offers homebuyers a great opportunity to own a new home in a desirable master-planned community near major transportation and employment corridors.

Residents at Stonecrest can take advantage of the community's proximity to I-215, I-10 and Highway 74 for convenient travel to popular destinations like Mt. San Jacinto College, Hemet Valley Mall and Diamond Valley Lake, as well as Palm Springs resorts in the Coachella Valley and Beaumont.

Priced from the low-\$200,000s, the one- and two-story KB homes at Stonecrest range in size from 1,628 to 2,528 square feet, and can include as many as six bedrooms, three baths, and two-car garages. With four distinctive floor plans available, homes at Stonecrest can be personalized to suit each homebuyer's unique style and taste. The community's generous homesites will also provide homeowners the ability to enjoy expansive outdoor living areas.

As with all new KB homes, the residences at Stonecrest will be ENERGY STAR® certified, meaning they are some of the most energy-efficient available today and have the potential to save homeowners money on their utility costs when compared to typical new or resale homes.

For example, at current residential electric rates, KB Home estimates that a KB homeowner living in a 2,338 square foot home at Stonecrest could save more than \$2,000 annually in energy costs compared to a typical, similarly-sized resale home.

All KB homes, including those at Stonecrest, also incorporate a number of water-saving features, such as WaterSense® labeled faucets, toilets, and showerheads, that can save up to an estimated 30,000 gallons of water and \$300 in utility bills annually when compared to a home that lacks these features.

For more information about Stonecrest at The Cove, visit the sales center at 292 Pomegranate Street in San Jacinto, go to [www.kbhome.com](http://www.kbhome.com) or call 888-KB-HOMES.

### **About KB Home**

KB Home is one of the largest and most recognized homebuilding companies in the United States. Since its founding in 1957, the company has built more than half a million quality homes. KB Home's unique homebuilding approach lets each buyer customize their new home from lot location to floor plan and design features. As a leader in utilizing state-of-the-art sustainable building practices, all KB homes are highly energy efficient and meet strict ENERGY STAR® guidelines. This helps to lower monthly utility costs for homeowners, which the company demonstrates with its proprietary KB Home Energy Performance Guide® (EPG®). KB Home has been named an ENERGY STAR Partner of the Year Sustained Excellence Award winner for five straight years and a WaterSense® Partner of the Year for four consecutive years. A FORTUNE 1,000 company, Los Angeles-based KB Home was the first homebuilder listed on the New York Stock Exchange, and trades under the ticker symbol "KBH." For more information about KB Home, call 888-KB-HOMES, visit [www.kbhome.com](http://www.kbhome.com), or connect with KB Home on [Facebook.com/KBHome](https://www.facebook.com/KBHome) and [Twitter.com/KBHome](https://twitter.com/KBHome).
