KB Home Announces the Grand Opening of the Stapleton Starlight Collection

Builder offers spacious new single-story homes in a highly desirable master plan community, starting from the mid-\$600,000s

DENVER--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of its Stapleton Starlight Collection. Located within the Stapleton master plan, one of the top-selling master plan communities in the United States, the Stapleton Starlight Collection is convenient to downtown Denver and Denver International Airport via Interstate 70 and the airport rail. The sleek and spacious home designs offered within the Stapleton Starlight Collection provide a unique opportunity to own a new single-story home in the Denver metro area.

Homebuyers at KB Home's Stapleton Starlight Collection can enjoy the many benefits of living in a premier master plan community. With more than 900 acres of parks and open spaces, 46 miles of bike and walking trails, a 50,000-square-foot recreation center and six community pools, stores and restaurants at The Shops at Northfield, and year-round community activities like concerts and farmers markets, nearly everything residents need is a short drive or bike ride away.

The single-story KB homes at the Stapleton Starlight Collection evoke a mid-century modern aesthetic, with sunken living rooms, large-pane windows and ample square footage, an uncommon offering in today's new home market. With up to four bedrooms, three-and-a-half baths, and two- to three-car garages, the KB homes at the Stapleton Starlight Collection range in size from 2,301 to 2,890 square feet and feature desirable design components such as oversized great rooms, walk-in closets, kitchen pantries, covered patios, dens, and flex spaces. The large footprint of the homes at Stapleton Starlight Collection allow for expansive basements, which can be finished to add up to an additional 1,800 square feet including a bedroom, full bath, and large recreation room. As part of KB Home's distinctive homebuying experience, buyers will have the opportunity to personalize many aspects of their new home at the KB Home Design Studio, a retail-like showroom where shoppers, guided by one of KB Home's design professionals, can create the home of their dreams. The KB homes at the Stapleton Starlight Collection are priced to start in the mid-\$600,000s.

Like all KB homes, those offered at the Stapleton Starlight Collection will be built to ENERGY STAR® guidelines and include WaterSense® labeled faucets and fixtures, meaning they are designed to be more energy- and water-efficient than most other typical new and resale homes. The water- and energy-saving features built into every new KB home can help homeowners save on their monthly utility bills.

KB Home will host a grand opening celebration at the Stapleton Starlight Collection on Saturday, October 28th from 10 a.m. to 6 p.m. Guests will have the opportunity to tour the stunning new model home located at 9301 59th North Place in Denver. Refreshments will be served from 11 a.m. to 2 p.m.

KB Home is currently open for new home sales at eighteen Denver-area locations. For more information about the Stapleton Starlight Collection or KB Home's other new home neighborhoods, visit www.kbhome.com or call 888-KB-HOMES.

About KB Home

KB Home (NYSE: KBH) is one of the largest and most recognized homebuilders in the United States and an industry leader in sustainability, building innovative and highly energy- and water-efficient new homes.
