“Sundance Crossing is in a great location with easy access to

major highways and a short commute to downtown Austin and area employers,” said Ken Langston, president of KB Home’s Austin division. “As with other KB Home communities, Sundance Crossing offers home shoppers the opportunity to purchase a new, personalized KB home in a desirable neighborhood at a price that fits their budget.”

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the

ability to personalize their homes from homesites and floor plans to design features. All homes built surpass ENERGY STAR® certification standards, meaning the homes have substantially lower monthly utility costs when compared to typical used homes. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

Sundance Crossing is near numerous entertainment venues, including racing and entertainment at Circuit of The Americas™ Formula One® Track and Austin360 Amphitheater. The community offers 16 floor plans with up to six bedrooms and three-and-a-half baths and ranging in size from approximately 1,350 to 2,900 square feet. These new homes feature desirable design characteristics like great rooms, storage space and designer kitchens. Residents can enjoy outdoor recreation at nearby Southeast Metropolitan Park and Barkley Meadows Park, and future amenities include a community park. Pricing begins in the low \$200,000s.
