“Sky View is in a desirable location that provides easy

access to Interstate 10, Loop 410 and Loop 1604 for a quick commute to downtown San Antonio and area employers,” said Rob Wasyliw, President of KB Home’s San Antonio division. “As with our other KB Home communities, Sky View offers home shoppers the opportunity to purchase a new, personalized KB home at a price that fits their budget.”

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the

ability to personalize their homes from homesites and floor plans to design features. Every home is designed to be ENERGY STAR® certified thanks to the quality construction techniques and materials utilized that ultimately deliver significant savings on utility bills compared to used homes. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

The Sky View community is conveniently located near Converse City Park, which features a playground, walking paths, ball fields, a pond and barbeque areas, and a short drive to The Forum at Olympia Parkway for shopping and dining. The community offers 13 floor plans, with up to five bedrooms and three-and-a-half baths and ranging in size from approximately 1,200 to 2,700 square feet. These new homes feature desirable design characteristics like open kitchens overlooking great rooms, lofts and expansive master suites with walk-in closets. Pricing begins in the \$180,000s.

About KB Home

KB Home (NYSE: KBH) is one of the largest and most recognized homebuilders in the United States and has been building quality homes for over 60 years. Today, KB Home operates in 42 markets across eight states, serving a wide array of buyer groups. What sets us apart is how we give our customers the ability to personalize their homes from homesites and floor plans to cabinets and countertops, at a price that fits their budget. We are the first builder to make every home we build ENERGY STAR® certified. In fact, we go beyond the EPA requirements by ensuring every ENERGY STAR® certified KB home has been tested and verified by a third-party inspector to meet the EPA's strict certification standards, which helps lower the cost of ownership. We also work with our customers every step of the way, building strong personal relationships so they have a real partner in the homebuying process, and the experience is as simple and easy as possible.
