“We are proud to be opening our second community at The

Canyons, where we will offer a diverse selection of new-home designs in a neighborhood that will include a number of planned resort-style amenities,” said Randy Carpenter, President of KB Home’s Colorado division. “With almost a third of this master-planned community dedicated to parks, trails and open space, our homes can provide a tranquil setting where the outdoors is a constant invitation to explore.”

KB Home stands out from other homebuilders as the company gives home buyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the ability to personalize their homes from homesites and floor plans to design features. All homes built meet or

surpass ENERGY STAR® certification standards, meaning the homes have substantially lower monthly utility costs when compared to typical used homes. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

The Canyons is Castle Pine's newest master-planned community and just a short drive to Douglas County schools, shopping and dining. The planned resort-style amenities will include expansive parks, hiking trails and a community center with event space, a fitness center, pool, coffee bar, lounge and kid's zone. KB Home's newest addition to the master plan showcases one- and two-story homes with up to seven bedrooms and four-and-a-half baths, ranging in size from approximately 1,900 to 2,500 square feet. These new KB homes feature desirable design characteristics like spacious great rooms, gourmet kitchens, expansive master suites, covered porches and basements. Pricing begins from the \$520,000s.
