KB Home Announces Link 33 Is Now Open for Sales in a Prime Redwood City, California Location

5/18/2020

Homebuilder expands its Bay Area presence with a new community of townhome-style condominium homes nestled in the highly desirable Peninsula foothills between San Francisco and the Silicon Valley

REDWOOD CITY, Calif.--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced that Link 33, a new townhome-style condominium community in highly desirable Redwood City, is now open for sales. Situated in a prime location, the new homes are a short drive to downtown San Francisco and Silicon Valley, and close to popular outdoor recreation, family friendly parks and fitness trails.

To accommodate the homebuying process, Link 33 is open for private, in-person tours

by appointment only and in compliance with Centers for Disease Control and Prevention (CDC) and local safety guidelines. Homebuyers also have the flexibility to schedule a virtual visit with one of KB Home's dedicated sales counselors. Additionally, the KB Home website makes it easy for home shoppers to view photo galleries, experience virtual home tours, explore interactive floor plans and discover the Design Studio.

"Your home should be the foundation for your family, supporting your health and providing comfort and relaxation," said Chris Apostolopoulos, Regional President of KB Home Northern California. "We're proud to be

opening this new community in beautiful Redwood City, as this sought-after location provides a rare balance between big-city accessibility and small-town charm.”

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the ability to personalize design features. Every KB home is designed to be ENERGY STAR® certified thanks to the quality construction techniques and materials utilized that ultimately deliver significant savings on utility bills compared to used homes and support healthier indoor environments. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

The townhome-style condominium homes at Link 33 showcase desirable design characteristics like gourmet kitchens, master suites with walk-in closets, outdoor decks and flex spaces that can serve as extra bedrooms or home offices. The new two- and three-story homes range in size from approximately 1,100 to 1,800 square feet, offer up to three bedrooms and two-and-a-half baths, and feature attached parking. Additionally, the new homes are designed to deliver an enhanced indoor air environment and include high performance ventilation systems, low- or zero-VOC products in insulation, paint, carpeting and cabinetry, and other features guided by the Environmental Protection Agency’s (EPA) Indoor airPLUS standards. Pricing begins from low \$1 million.

About KB Home

KB Home (NYSE: KBH) is one of the largest and most recognized homebuilders in the United States and has been building quality homes for over 60 years. Today, KB Home operates in 42 markets across eight states, serving a wide array of buyer groups. What sets us apart is how we give our customers the ability to personalize their homes from homesites and floor plans to cabinets and countertops, at a price that fits their budget. We are the first builder to make every home we build ENERGY STAR® certified. In fact, we go beyond the EPA requirements by ensuring every ENERGY STAR certified KB home has been tested and verified by a third-party inspector to meet the EPA’s strict certification standards, which helps lower the cost of ownership. We also work with our customers every step of the way, building strong personal relationships so they have a real partner in the homebuying process, and the experience is as simple and easy as possible. Learn more about how we build homes built on relationships by visiting [kbhome.com](https://www.kbhome.com).
