KB Home Announces the Grand Opening of Its Latest New-Home Community, Axis at Grace Park, in a Popular Inglewood Location

7/17/2020

Homebuilder offers new, personalized homes in the Los Angeles area.

INGLEWOOD, Calif.--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of Axis at Grace Park, a new community situated in a popular Los Angeles' area. The new-home community offers home shoppers a rare opportunity to own a new, personalized single-family home in a popular Inglewood neighborhood. Axis at Grace Park provides easy access to Interstates 405, 10, 105 and 110 as well as the Florence/La Brea Metro Station. Homeowners will also enjoy the community's proximity to Los Angeles International Airport (LAX), SoFi Stadium, The LA Forum™, Edward Vincent Park and Los Angeles' famous beaches.

The Axis at Grace Park sales office and model homes are open for private in-person tours

by appointment, and walk-in visits are welcome in accordance with public health orders and safety procedures. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Additionally, the KB Home website makes it easy for home shoppers to view photo galleries, experience virtual home tours, explore interactive floor plans and discover the Design Studio.

“Our Axis at Grace Park community is minutes away from LAX, local parks, beaches as well as shopping, dining and entertainment,” said Keltie Cole, President of KB Home’s Los Angeles and Ventura County division. “The new neighborhood offers area home shoppers an exclusive opportunity to own a new home in a prime Inglewood setting. As with other KB Home communities, Axis at Grace Park provides home shoppers the opportunity to purchase a new, personalized KB home at a price that fits their budget.”

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the ability to personalize their homes from homesites and floor plans to design features. Every home is designed to be ENERGY STAR® certified thanks to the quality construction techniques and materials utilized that ultimately deliver significant savings on utility bills compared to used homes. Additionally, all new KB homes are designed to deliver an enhanced indoor environment and include high performance ventilation systems, low- or zero-VOC products in insulation, paint, carpeting and cabinetry, and other features guided by the Environmental Protection Agency’s (EPA) Indoor airPLUS standards. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

Axis at Grace Park offers homebuyers a selection of beautiful three-story homes that feature gourmet kitchens overlooking expansive great rooms, large master bedrooms with walk-in closets and the option of a first-floor home office. The community’s three-story floor plans feature up to four bedrooms and three-and-a-half baths, and range in size from approximately 2,000 to 2,300 square feet. Pricing begins from the \$860,000s.

About KB Home

KB Home is one of the largest and most recognized homebuilders in the United States and has been building quality homes for over 60 years. Today, KB Home operates in 42 markets across eight states, serving a wide array of buyer groups. What sets us apart is how we give our customers the ability to personalize their homes from homesites and floor plans to cabinets and countertops, at a price that fits their budget. We are the first builder to make every home we build ENERGY STAR® certified. In fact, we go beyond the EPA requirements by ensuring every ENERGY STAR certified KB home has been tested and verified by a third-party inspector to meet the EPA’s strict certification standards, which help to lower the cost of ownership and to make our new homes healthier and more comfortable than new ones without certification. We also work with our customers every step of the way, building strong personal relationships so they have a real partner in the homebuying process, and the experience is as simple and easy as possible. Learn more about how we build homes built on relationships by visiting [kbhome.com](https://www.kbhome.com).
