SAN ANTONIO--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of Southton Cove, a new, single-family home community in Elmendorf, Texas. Southton Cove is conveniently located near Interstate 37 and just 12 miles away from downtown San Antonio. Residents will enjoy the community's proximity to the San Antonio River, Mission Trails and Braunig Lake Park for sightseeing, kayaking, camping, fishing and picnicking. Nearby shopping and entertainment are available at City Base Shopping Center.

The homes at Southton Cove showcase popular design characteristics like gourmet kitchens overlooking expansive great rooms, master suites with walk-in closets, and lofts. The community features one- and two-story floor plans with up to six bedrooms and three-and-a-half baths and ranging in size from approximately 1,000 to 2,800 square feet. A children's playground and park, which will include a covered picnic area with tables and seating, are planned for the community. Southton Cove is zoned for the East Central Independent School District.

"Southton Cove's location is convenient to major highways for a short commute to downtown San Antonio. Residents will enjoy a variety of recreational activities at nearby parks and trails," said Rob Wasyliv, President of KB Home's San Antonio division. "As with other KB Home communities, Southton Cove provides home shoppers with the opportunity to purchase a new KB home that can be personalized to reflect their lifestyle and needs."

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the ability to personalize their homes from floor plans to exterior elevations, from design options to where they live in the community. The KB Home team works hand in hand with homeowners every step of the way, so they have a real partner in the process.

Every KB home is designed to be ENERGY STAR® certified thanks to the quality construction techniques and materials utilized that ultimately deliver significant savings on utility bills compared to used homes. Additionally, all new KB homes are designed to deliver an enhanced indoor environment and include high performance ventilation systems, low- or zero-VOC products and other features guided by the Environmental Protection Agency's (EPA) Indoor airPLUS standards.

The Southton Cove sales office and model homes are open for private in-person tours by appointment, and walk-in visits are welcome. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Pricing begins from the \$230,000s.
