KB Home Named to Fortune's List of "World's Most Admired Companies"

2/15/2022

LOS ANGELES--(BUSINESS WIRE)-- KB Home (NYSE: KBH) has been recognized among the "World's Most Admired Companies" on Fortune's 2022 list, a ranking of the most respected and reputable companies in the world. KB Home earned top marks in a significant number of areas, including quality of products/services and social responsibility.

"We are honored to be recognized on Fortune's annual list of 'World's Most Admired Companies.' This distinction is a testament to the entire KB Home team's passion and dedication in helping our customers realize their dreams and putting the great American aspiration of homeownership within reach for families across our nation," said **Jeffrey Mezger**, KB Home's Chairman, President and Chief Executive Officer. "This recognition also underscores our long-standing commitment to delivering industry-leading customer satisfaction, creating a culture of excellence and driving sustainability innovation that positively impacts our stakeholders and delivers long-term value."

Fortune partnered with the global management consulting firm Korn Ferry to identify and rank the "World's Most Admired Companies" in its annual study. To compile the list, Fortune began with 1,500 companies from across the globe — the 1,000 largest U.S. companies ranked by revenue, along with non-U.S. companies with revenues of \$10 billion or more in Fortune's Global 500 database — and determined the highest-revenue companies in each industry for a total of 640 in 28 different countries. Korn Ferry then surveyed executives, directors and analysts from the top companies, asking them to rate enterprises in their respective industries on nine criteria. About KB Home

KB Home is one of the largest and most recognized homebuilders in the United States and has built over 655,000 quality homes in our 65-year history. Today, KB Home operates in 47 markets from coast to coast. What sets KB Home apart is the exceptional personalization we offer our homebuyers — from those buying their first home to experienced buyers — allowing them to make their home uniquely their own, at a price that fits their budget. As the leader in energy-efficient homebuilding, KB Home was the first builder to make every home it builds ENERGY STAR® certified, a standard of energy performance achieved by fewer than 10% of new homes in America and has built more ENERGY STAR certified homes than any other builder. An energy-efficient KB home helps lower the cost of ownership and is designed to be healthier, more comfortable and better for the environment than new homes without certification. We build strong, personal relationships with our customers, so they have a real partner in the homebuying process. As a result, we have the distinction of being the #1 customer-ranked national homebuilder in third-party buyer satisfaction surveys.
