KB Home Named to Newsweek's 2022 List of America's Most Trusted Companies

3/22/2022

LOS ANGELES--(BUSINESS WIRE)-- KB Home (NYSE: KBH), one of the largest and most recognized homebuilders in the U.S., has been named to Newsweek®'s 2022 list of America's Most Trusted Companies. This prestigious award is presented by Newsweek and Statista Inc., the world-leading statistics portal and industry ranking provider and can be viewed on [Newsweek's website](#).

"We're honored to be named by Newsweek as one of America's most trusted companies. This recognition underscores our long-standing commitment to delivering industry-leading customer satisfaction as well as sustaining a culture of trust, collaboration, honesty and excellence," said **Jeffrey Mezger**, KB Home's Chairman, President and Chief Executive Officer. "This distinction is also a testament to the relationships we build with our homebuyers as well as the dedication and passion the entire KB Home team has for helping our customers realize the dream of homeownership."

The companies on the 2022 "Most Trusted" list were identified in an independent survey based on a vast sample of approximately 50,000 U.S. residents who rated companies they know on three touch points of trust: customer trust, investor trust and employee trust. All companies listed on the stock exchange with a revenue of more than \$500 million in 2020 were considered in the study. The 400 most trusted companies across 22 industries were selected based on a holistic approach to evaluating trust. A total of 110,000 evaluations were submitted.

About KB Home

KB Home is one of the largest and most recognized homebuilders in the United States and has built over 655,000 quality homes in our 65-year history. Today, KB Home operates in 47 markets from coast to coast. What sets KB Home apart is the exceptional personalization we offer our homebuyers — from those buying their first home to experienced buyers — allowing them to make their home uniquely their own, at a price that fits their budget. As the leader in energy-efficient homebuilding, KB Home was the first builder to make every home it builds ENERGY STAR® certified, a standard of energy performance achieved by fewer than 10% of new homes in America and has built more ENERGY STAR certified homes than any other builder. An energy-efficient KB home helps lower the cost of ownership and is designed to be healthier, more comfortable and better for the environment than new homes without certification. We build strong, personal relationships with our customers, so they have a real partner in the homebuying process. As a result, we have the distinction of being the #1 customer-ranked national homebuilder in third-party buyer satisfaction surveys.
