3/27/2024

LOS ANGELES--(BUSINESS WIRE)-- KB Home (NYSE: KBH), one of the largest and most trusted homebuilders in the U.S., has been named to Newsweek®'s 2024 list of America's Most Trustworthy Companies for the third consecutive year. This prestigious award is presented by Newsweek and Statista Inc., the world's leading statistics portal and industry ranking provider, and can be viewed on Newsweek's website.

"We're honored to be recognized by Newsweek as one of America's most trustworthy companies. This acknowledgment underscores our long-standing commitment to delivering industry-leading customer satisfaction as well as fostering a culture of trust, integrity, collaboration and excellence," said **Jeffrey Mezger**, KB Home's Chairman and Chief Executive Officer. "This distinction is also a testament to the relationships we build with our homebuyers and the passion the entire KB Home team has for building our customers' dreams and putting the great American aspiration of homeownership within reach for thousands of families."

The companies on the 2024 America's Most Trustworthy list were identified in an independent survey based on a sample of approximately 25,000 U.S. residents who rated companies in three main public pillars of trust: customer trust, investor trust and employee trust. All public and private companies headquartered in the U.S. with a revenue of more than \$500 million were considered for the study. A total of 97,000 evaluations were submitted, and over 523,000 social media mentions were evaluated. The 700 most trusted companies across 23 industries were selected based on a holistic approach to evaluating trust.
