ORLANDO, Fla.--(BUSINESS WIRE)-- KB Home (NYSE: KBH), one of the largest and most trusted homebuilders in the U.S., today announced the grand opening of Silver Lake Estates, a new-home community in Leesburg. These new homes are designed for the way people live today, with popular features like modern kitchens overlooking large great rooms, expansive bedroom suites with walk-in closets, and lofts. The community's one- and two-story floor plans feature up to six bedrooms and three baths.

What sets KB Home apart is the company's focus on building strong, personal relationships with every customer, so they have a real partner in the homebuying process. Every KB home is uniquely built for each customer, so no two KB homes are the same. Homebuyers have the ability to personalize their new home, from floor plans to exterior styles to where they live in the community. Their home comes to life in the KB Home Design Studio, a one-of-a-kind experience where customers get both expert advice and the opportunity to select from a wide range of design choices that fit their style and their budget. Reflecting the company's commitment to creating an exceptional homebuying experience, KB Home is the #1 customer-ranked national homebuilder based on homebuyer satisfaction surveys from a leading third-party review site.

"We are pleased to offer homebuyers in Leesburg spacious new one- and two-story homes in a convenient location near area employers and Leesburg International Airport," said Fred Wyborski, President of KB Home's Orlando

division. "Families will also appreciate the community's proximity to downtown Leesburg for shopping, dining and family events and a variety of nearby outdoor recreation. At KB Home, we're here to help you achieve your dream with a personalized new home built uniquely for you and your life."

Innovative design plays an essential role in every home KB builds. The company's floor plans inspire contemporary living, with a focus on roomy, light-filled spaces that have easy indoor/outdoor flow. KB homes are engineered to be highly energy and water efficient and include features that support healthier indoor environments. They are also designed to be ENERGY STAR® certified — a standard that fewer than 10% of new homes nationwide meet — offering greater comfort, well-being and utility cost savings than new homes without certification.

Silver Lake Estates is situated in a commuter-friendly location off Silver Lake Drive and provides easy access to Highway 44 and US-441. The community is close to a variety of outdoor recreation, including Rogers Park Splash Pad, Venetian Gardens Park and Leesburg Dog Park. Residents will also enjoy several nearby lakes for boating and fishing and LSSC Sport Complex for sporting activities.

The Silver Lake Estates sales office and model homes are open for walk-in visits and private in-person tours by appointment. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Pricing begins from the \$290,000s.
